

Company: Uplink Networks Pvt Ltd

Location: Maldives

Employment Type: Full-Time

Job Description

We are looking for a hardworking and technically skilled **Field Technician** to join our team. The successful candidate will be responsible for carrying out field installation, maintenance, testing, troubleshooting, and project-related technical works.

Key Responsibilities

- Perform **fiber optic, network, and structured cabling** works.
- Carry out **fiber splicing, termination, testing, and troubleshooting**.
- Install and configure **Wi-Fi access points, network equipment, and IT devices**.
- Perform cable pulling, dressing, labeling, and termination.
- Conduct site surveys and identify technical requirements.
- Read and understand basic technical drawings and layouts.
- Assist with installation, testing, and commissioning of telecom and IT systems.
- Maintain proper work quality, safety standards, and site cleanliness.
- Coordinate with supervisors and project teams to complete assigned works on schedule.
- Prepare basic work reports and update supervisors on site progress.

Requirements

- O'Level or relevant technical qualification in **IT, Networking, Telecommunications, Electronics, or a related field**.
- Previous experience in **fiber optic, networking, cabling, or telecom works** will be an advantage.
- Basic knowledge of networking and fiber optic systems.
- Ability to use basic tools and testing equipment.
- Ability to work independently and as part of a team.
- Willingness to work at different project locations/islands when required.
- Good communication skills and a positive attitude.
- Ability to speak and write **English**.

Preferred Skills

- Fiber Optic Splicing
- OTDR and Power Meter Testing
- Cat6 / Structured Cabling
- Wi-Fi Installation
- Network Troubleshooting
- CCTV / Low Voltage Systems
- Basic understanding of network equipment

What We Offer

- Competitive salary based on experience and skills.
- Opportunity to work on **telecom, IT, and infrastructure projects**.
- Training and opportunities for professional development.
- A professional and supportive working environment.

Interested candidates are encouraged to apply with their CV and relevant certificates.
