# WE'RE HIRING!

Cristallo

## SPEED BOAT CAPTAIN

Cristallo Private Limited began its journey in 2009, starting fresh with an amazing, hardworking and dedicated team who believed in what could be built together.
Today, we have grown into a company with an exceptional team and a substantial fleet of equipment and vehicles, working on major projects across the Maldives and building a reputation as a trusted name in the industry.
Over the years, Cristallo has achieved significant milestones and we believe there is still more to achieve. As we continue to expand our business, capabilities and reach as the journey continues.

### Location:

- Maldives

### Employment Type:

- Full Time

### Responsibilities:

- Navigate speedboats safely and efficiently for the transportation of personnel, passengers, equipment, materials, and supplies.
- Plan and coordinate trips according to operational requirements, schedules, weather and sea conditions.
- Ensure compliance with applicable maritime laws, safety regulations, navigation procedures, and company policies.
- Conduct pre-departure and post-trip inspections to ensure the vessel, engine, navigation systems, and safety equipment are in good working condition.
- Monitor fuel levels, engine performance, and other essential vessel systems during operations.
- Carry out routine cleaning, maintenance, and basic troubleshooting, and promptly report technical issues requiring repairs.
- Ensure life jackets, fire extinguishers, first-aid kits, and other required safety equipment are available and serviceable.
- Maintain accurate vessel logbooks, trip records, fuel consumption records, maintenance reports, and other required documentation.
- Coordinate with project teams, site personnel, management, and other relevant parties to ensure timely and efficient transportation.
- Ensure the vessel is properly secured and maintained when not in operation.

### Requirements:

- Valid Motor Boat licence.
- Valid Niyami certificate/licence, as applicable.
- Previous experience operating speedboats in Maldivian waters.
- Good knowledge of navigation, maritime safety procedures, and emergency response.
- Basic knowledge of vessel engines, routine maintenance, and troubleshooting.
- Ability to assess weather and sea conditions and make sound safety decisions.
- Responsible, punctual, disciplined, and professional.
- Ability to work flexible hours, including weekends or extended hours when required.
- Good communication skills and the ability to coordinate effectively with the operations team.

### We Offer:

- Salary: MVR 15,000
- Performance-based incentives
- Friendly and professional work environment
- Training and professional development opportunities
- Medical Insurance
